Superior Ammunition

Special services

Effective January 1, 2010

Load development services

We will take your rifle and develop a load for it that will give you the best accuracy and highest velocity possible.

Matching the best loads and bullets to your rifle will give you infinitely greater confidence in the field. The loading data we develop is yours when we are finished.

\$400 per rifle, \$100 each additional load plus range ammo used.

Sample Packs

It is a well-known fact that all rifles do not like all bullets. With our Sample Packs, you get several different load/bullet combinations to shoot to see which your rifle prefers. We can also give you different loads with the same bullet; bullets are selected to match your requirements. Instead of buying boxes and boxes of ammo, maximize your rifle's performance with one box of ours.

Estimated on cost per round, plus \$10 setup fee. If you do not see your caliber, please call 1-800-677-8737.
